May 15, 2018

Dear Crusader Parents:

We hope you had a great weekend! There are 3 days of school left and this will be the last Tuesday letter before August. Please see below for important changes to next year's requirements.

- Please be mindful of your scrip purchases. Each family is required to purchase \$2400 worth of scrip before June 30. If you fail to do so it will result in \$1000 additional tuition charged to your family. If you are concerned with your total, please call Jane at school and she can tell you where you stand. If you have already reached your commitment we ask that you continue to purchase scrip on a regular basis. Thanks!
- There are a couple of changes to next year's parent contract we need to get out to you. The 8th grade class this year is our largest and with their promotion this loss of students is a big dent in revenue. To maintain high quality services, the required amount of lottery ticket sales is increasing from 10 to 13. The school board has tried its best to keep tuition down, but there must be an increase of 1.8% This results in a \$5 monthly increase for one student, \$9/month for two students, \$12/month for 3 students and \$15/month for 4 students. This will start in July 2018. If something changes, I'll be sure to get it out to everyone. Thank you so much for your support and if you have any questions please call the office.
- Thank you to all those who made the 8th grade graduation such a great celebration. We wish them the very best of luck in high school and hope they continue to keep in touch!
- Please be mindful of finishing up any tuition that may be owed. Next week I will most likely be reaching out to the parents who are behind. Thank you for your support and understanding.
- **On Friday we have an All-School Mass for the end of the year at 9 AM. Friday is NOT a dress-up day. School releases at noon.**
- It would be a huge help to have your help in keeping students' skills going this summer if you could work with them each week on math and reading. Flashcards, reading to you, asking questions about their reading, etc. etc. takes a few minutes and helps ensure they don't lose much in the next three months.
- The first day of school for Kindergarten through 8th grade is August 22, 2018. Preschool starts August 27th. The calendar for next year is on our website: <http://www.stagnesacademy.com/school>
- Keep an eye out for a summer back-to-school pool party hosted by Parents Inc. There will be a table to sign up volunteers for all the different things. We especially need people to help serve in the lunch room. Thank you! The first big fund raiser will be the return of the Glow Run in September.
- The Ink Spot will open Friday after school to get rid of all remaining pop.

We hope you have a great week!

Respectfully,

Rodney Wilhelm, Principal
